REFERENCE LIST OF OUR PROJECTS

We would like to inform you with full responsibility that during the last 8 years, a team of key managers of ACCURETTA GREEN sp. z o.o. (LTD) participated in the implementation of the following energy projects in the segment of renewable energy sources (RES):

1. Construction and commissioning of the RDF Rzeszow CHP plant with an electrical capacity of 141 MW and 528 MW of installed thermal capacity.
2. Regular fuel contracting for 3 ecological CHP plants powered by biomass, each with a capacity of 49 MW, 750,000 tons of fuel contracted per each year.
3. Development and construction of 14 biogas plants in Poland with a capacity of 1 MW each.
4. Coordination of fuel securing for a 21 MW biomass-fired CHP plant, Great Britain.
5. Coordination of the construction of RDF sorted waste incineration plants in Slovenia and Great Britain, with a capacity of 2MW to 25 MW.
6. Coordination of logistics and storage of RDF fuel in Great Britain and in Europe.
7. Securing supplies of fuel to a combined heat and power plant in Poland (coal, RDF, oil) in the amount of up to 1 million tons per year.
8. Construction of small compact biogas power plants in Poland.
9. Construction of gas and biomass power plants up to 20 to 40 M each, Poland.

Your sincerely

Marcin Tatara
